

energie:bau

media folder 2018

The target group for your topics!

As an independent trade magazine, **energie:bau** combines the fields of architecture & technology. Energy efficiency and sustainability in building culture are emphasized and documented in architecturally exciting examples. The main focus is on unique concepts, ingenious technology and innovative solutions in the fields building & renovation, heating & cooling as well as power & control.

The focus for the **year 2018** is on bright Ideas and development in the fields **renovation, photovoltaics & storage, energy-architecture** and **industrial- & commercial construction**. We take a close look at the newest technologies and present real-life examples.

magazine data

Issues: 4 x annually
 Circulation: 6.500 each (incl. e-paper)
 Format: 215 x 290 mm
 Type-space: 234 x 188 mm
 Print: Offset print, stapled

The main topics of the individual issues in 2018

Issue	#01 Renovation ET 09.02.2018 / DU 26.01.2018	#02 Photovoltaics & Storage ET 04.05.2018 / DU 20.04.2018
Cover-theme	Buildings from and for tomorrow Renovation at the latest level: What is economically and ecologically cost-effective? What are the best practice examples? Which role do windows and façade (-elements) play, what importance does pre-fabrication have in and for renovation?	Technological brains What do photovoltaics mean for future markets and what is the status of heat storage, which is becoming more and more important? What do new storage systems achieve and how can they be integrated into buildings?
Key issues	building & renovation building shells, shading systems heating & cooling living space ventilation, IR-heating electricity & control photovoltaics, storage, controls systems	building & renovation insulation, (building) software heating & cooling air conditioning & ventilation electricity & control measurement- & control technology
Trade-shows	Bauen & Energie, Wien 25.–28.01.2018 Nachbericht Energiesparmesse, Wels 02.–04.03.2018 Vorschau HausBau & EnergieSparen, Tulln 19.–21.01.2018 GETEC, Freiburg 02.–04.02.2018 Die Energie der Alpen, Garmisch-Partenkirchen 21.–22.02.2018	Int. #03 Energy-Architecture

ET 05.10.2018 / DU 21.09.2018

Intelligent Buildings

Energy independence and increasingly automatized buildings make our homes smarter and smarter. How intelligent can ventilation, air-conditioning and heating be? Which control systems make our lives safer and more efficient?

building & renovation building materials
heating & cooling heating-, cooling- & ventilation-technology
electricity & control building automatisaton, light

Intersolar, München

20.–22.06.2018 Nachbericht

Bau+Energie Messe, Bern

27.–30.09.2018 Nachbericht

Chillventa, Nürnberg

16.–18.10.2018 Vorschau

#04 Industry- & Commercial Building

ET 14.12.2018 / DU 30.11.2018

Thinking bigger

The key words sustainability, recyclability as well as photovoltaics and storage are also valid for industrial- & commercial building. Building materials, the right management and consumption optimisation also play a role.

building & renovation roof & façade, windows & doors
heating & cooling heat pumps, solar thermal energy
electricity & control building technology, energy management

Chillventa, Nürnberg

16.–18.10.2018 Nachbericht

Haus & Bau Messe, Ried im Innkreis

09.–11.11.2018

GET Nord, Hamburg

22.–24.11.2018

Forms of special advertising

Cover flap

Fold-open flap on the cover with a 215 x 211 mm advertisement, attached to the outside binding edge.
 Price: € 8.590,-

Inside cover flap
